

ENTREPRENEURSHIP COACHING

5.5. -16.5.2025 online

Schedule:

Entrepreneur coaching on weekdays from 9:00 to 15:15 in ZOOM.

Method of implementation:

Group coaching is implemented in Zoom and there are also tasks that guide you to start your own company. Assignments are sent by email. During the entrepreneur coaching, you will receive individual guidance on making a business plan.

Tools: For online coaching you need a working internet connection, a mobile device (for example a tablet or smartphone) or a computer.

Content and information of the training:

You will get information about the areas related to preparing a business plan, such as the business idea, business forms, taxation, marketing and sales work, financial planning, working as an entrepreneur and what kind of entrepreneurial qualities you have. You will get information about various organizations that support entrepreneurs and, for example, about applying for start-up money.
